Celebrating OVER 90 YEARS Founded 1933

JACKSON FURNITURE

catnapper

American Owned. American Jobs.

In 1933, W. Ray Jackson founded Jackson Furniture. Since then, our family has continued to create furniture right here in the USA. We have seen decades of American prosperity, challenge, war, and mind-blowing advancements in science and technology. But our family has never forgotten the way our company and country began – with perseverance, hope, and hard work.

Throughout all of those decades of change, one thing remains constant: Families love to relax together in a room filled with comfortable furniture. And that is where we have been and will always be... from being huddled around a radio to being kicked back in front of a giant flat screen.

Proudly Created & Assembled in the USA Since 1933

Correlated with this is a premium synthetic leather on the outside and back. The comfort, strength, and durability of genuine **top grain** leather priced right for today's homes.

Every hide is uniquely enhanced by natural features that assure individuality.
