JETCOAT® SHOWER WALL SYSTEM | FLÜSH GUARD® ANTI-OVERFLOW TOILETS

JETCOAT®
SHOWER WALL SYSTEM

COLLECTIONS OVERVIEW

[ARCHETERRA STUDIO™]

Inspired by the timeless beauty of natural slab stone, this shower wall series is curated into five stunning finishes. Each surface captures rich depth, texture, and artisanal elegance, blended with modern functionality to create a spa-like experience with long-lasting durability.

2 Sizes, 5 Finishes

REFLECTIONS®

Take your custom shower design to new levels, with coordinating accent panels. Real-Feel etched grout lines create a professionally finished look, while lightweight 15-horizontal panels conceal seams within the grout, reflecting a clean, refined finish.

1 Size, 3 Finishes, Coordinating Accent Panels Included

FLEX®

Style it your way—flexibility drives this shower design. Enjoy complete freedom with bold, customizable finishes and accent panels. Effortless to install and built to last, transform any shower into a space that's uniquely yours.

5 Sizes, 4 Finishes, Optional Coordinating Accent Panels Sold Separately

CORE

Engineered for reliable performance with straightforward vertical panel installation. Designed to suit a wide range of styles, from classic tile to decorative patterns. A durable, water-resistant foundation with timeless, versatile appeal.

4 Sizes, 9 Finishes

SHOWER WALL SYSTEM

ARCHETERRA STUDIO™ | REFLECTIONS® | FLEX® | CORE

Tile-Inspired Design. Installer-Friendly.

HOMEOWNER-APPROVED.

JETCOAT® Shower Wall System offers the look of real tile and slab-inspired designs without the mess, maintenance, or long installation time of traditional tile. Lightweight and easy to cut and install, the modular panels are ideal for both DIY homeowners and professional installers, with many projects ready for use in as little as 24 hours. Available in a variety of sizes, finishes, and accent options, JETCOAT® combines stylish design, durable waterproof construction, and low-maintenance performance to easily transform any shower or bath space.

TRANSFORM YOUR SHOWER IN JUST A FEW HOURS

As Easy as 1, 2, 3!

1

Measure Your Space

2

Trim to Fit Shower or Tub

3

Attach With Adhesive & Tape

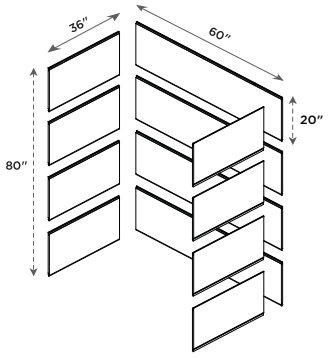

JETCOAT® ADVANTAGES

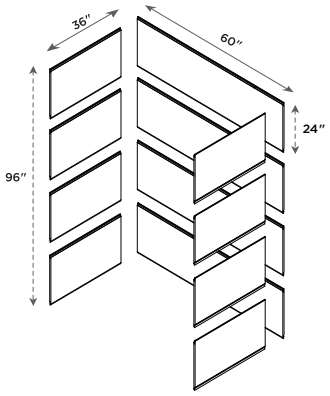

- **Waterproof and High Resistance to Impact and Chemicals**
- **Walls Can be Cut to Fit Around a Shower or Bathtub Configuration**
- **Walls Can be Installed Over Waterproof Backer Board or Tile**
- **Environmentally Friendly Water-Based UV Coating**
- **A Grout-Free Solution Allows You to Have The Look of Tile Without Messy Clean-Up**
- **Side Panels are Designed with a Beveled Edge to Provide a Clean Outer Edge Finish**
- **Backed by a 10-Year Residential and 2-Year Commercial Warranty**
- **Made of Natural Stone Powder and High Molecular Materials**

Shower Niches

FINISHES

Brushed Stainless (SS)

Matte Black (MB)

OVERVIEW

All of our Niches are crafted to complement a coordinating JETCOAT® Shower Wall System. The Niches designed for JETCOAT® CORE, FLEX®, and REFLECTIONS® are specifically tailored to align with designated SKUs, as outlined. These Niches integrate seamlessly with their corresponding JETCOAT® wall panels, ensuring a flawless fit within the system's panel layout and grout lines.

Shower Niches

FEATURES

- Made of US ASTM Standard 304 stainless steel and corrosion-resistant
- Recessed wall niche is leak-free and waterproof
- Convenient + space-saving storage
- Includes built-in shelves
- Easy install + mounts into wall opening
- Limited 1-Year Residential Warranty

SHOWER BASES

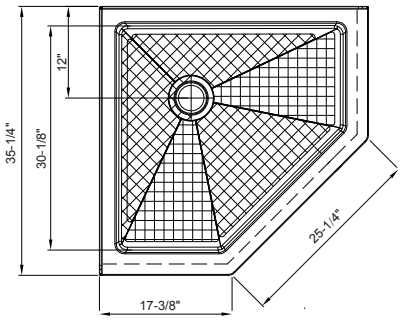

Designed To Fit Your Needs

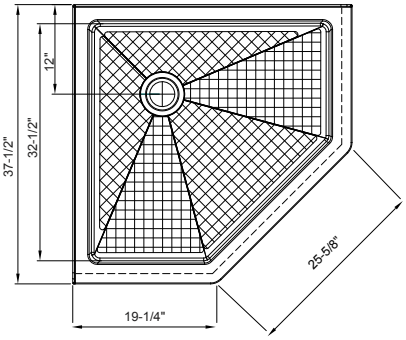

Craft + Main® shower bases are made from high-gloss white acrylic, offering a sleek, elegant look that is easy to clean and resistant to scratches and stains. A low, easy step-over threshold and slip-resistant floor enhance both comfort and safety. Each base meets ANSI and CSA standards, ensuring dependable quality and performance. Choose from a variety of shapes and sizes, including neo-angle, square, and rectangular options, with left, right, or center drain hole configurations to suit your layout.

Shower Bases Overview with Technical Specifications

HOW DOES IT WORK?

MAIN TRAPWAY CLOG

THREE ANTI-OVERFLOW HOLES
Allow rising water to drain down and avoid overflow.

BACKUP TRAPWAY
When the main trapway is clogged (as shown) the secondary trapway will drain the toilet to avoid overflow.

EXTRA-LARGE FOOTPRINT
With the industry's largest footprint, a Flush Guard® Toilet completely covers the area of the old toilet, eliminating costly surface repairs.

AWARD-WINNING TECHNOLOGY

Now there's no reason to fear overflowing toilets. Flush Guard® Anti-Overflow Toilet's patented drain system is the cure for Overflowbia: the ultimate assurance that you can flush with confidence. Flush Guard® Toilets are stylish, high-quality, easy to keep clean, and easy to install...so there's nothing standing between you and total peace of mind.

EXPERIENCING OVERFLOWBIA?
