Our distinctiveness lies in offering unique, handcrafted pieces from India and sourcing diverse products worldwide. Our overbuilt frames, with pocket coils, foam seat construction, fully encased wood frames, and sinuous spring seat decking, are built for durability. We ensure strength and reliability with a 300lbs per seat weight test. Exceptional quality, from top stitching to highdensity foam, and padded outside arms enhance seating comfort.

Fabrics with performance stories ensure durability and cleanability, surpassing industry standards. Customer safety and satisfaction are at the core of our commitment.
