

THE EVOLUTION OF SHOWER WALLS

IT'S NOT MARBLE.
IT'S NOT TILE.
IT'S Utile.

Utile

Utile by MAAX
The evolution of shower walls

Utile shower wall panels combine modern design with smart engineering to make installation simple and worry-free. Each panel features realistic stone textures that are low-maintenance, crack-proof, and built to last.

With our intuitive Ulok system and direct-to-stud installation, Utile walls go up faster and cleaner than traditional stone slabs or ceramic tile—no mortar, no grout, no mess. Just durable, one-piece panels that are easy to clean, reinforced for grab bars, and backed by a 10-year warranty.

We evolved U tile...
so U tile can evolve with you.

Utile walls are made from an engineered polymer that delivers care-free, realistic textures while offering full reinforcement for future upgrades. The reinforced backing allows you to install grab bars during the initial build or at any point afterward, and each bar can support up to 300 lbs for added confidence and stability. A folding or fixed seat can also be added, requiring only minimal additional reinforcement. Designed to adapt as your lifestyle and mobility needs evolve, Utile provides a long-term solution that grows with you, without compromising style or performance.

Need more space for your personal care products?

We've thought about everything. Each U tile shower and tub shower includes an easy-to-install, beautiful and sturdy glass corner shelf. For your convenience, additional shelves can also be purchased separately.

A storage solution that you'll find as pleasing to the eyes as it is convenient to your reach.

Included

Glass corner shelf
