Closet Configurations

It's easy to configure the perfect closet system with our modular units available in widths of 18", 24", 30", and 36". Combine rod storage, shelf storage, and drawer storage in a variety of heights to build personalized solutions for your clients.

Build with height to create more usable storage in a small space—make every closet an opportunity to design.

No limits on space? Build out "his" and "hers" style configurations that can be as simple or as elaborate as your design demands.

Expand horizontally across the top of the closet to keep the bottom accessible for bulky items like luggage and hampers.

Beyond the Bedroom: Organize All Your Storage Areas

Anywhere clutter accumulates, there's an opportunity to organize. Think beyond the bedroom and explore other areas of your home—laundry rooms, home offices, craft rooms, and more—all of which can benefit from the versatility of NorthPoint Closets.
