Upscale design
THAT'S DOWNRIGHT & PRACTICAL.

More solutions. More innovations. More convenience. Think of Wolf Artisan™ as a functional organizational system — a smart, elegant way to make your kitchen, bath, home office, or studio work for you on every level. You'll elevate the look of your space, all while enjoying the downright convenience of storage solutions that are clever, functional and when needed, out of view.

Style. Storage. Organization.
It all comes together on pages 38–49.

Crafted BY ARTISANS.

With a name like Artisan, you know to expect singular craftsmanship and flexible customization that come together for a space that is made just for you. With the Wolf Artisan™, quality always comes standard, pairing standout design with durability you can count on for a lifetime. That's been true for over 180 years and will continue long into the future. Craftsmanship. Customization. Quality. They all come together beautifully with Wolf Artisan™.

MADE FOR A LIFETIME OF *enjoyment.*

Every Wolf Artisan™ cabinet is crafted with intention, built to an elevated standard. Thoughtful details and lasting performance come together to make Wolf Artisan™ a dependable, lasting investment.

SOLID WOOD DOVETAIL DRAWERS

Durability is in the details. You'll find this level of craftsmanship on all four sides of every Wolf Artisan drawer.

SOFT-CLOSE DRAWERS AND DOORS

Even the most frenetic of spaces is a little quieter with soft-close hinges and slides.

I-BEAM CONSTRUCTION

Built to remain strong and square from day of delivery to after years of daily use.

3/4" SOLID WOOD FRAMES WITH EASED EDGES

Soft edges mean fewer snags and scratches and a finish that holds its color and luster longer.

DEEP DRAWER BOXES WITH FULL-EXTENSION

Store more of everything — and find it all easily — with drawers that extend beyond the cabinet face. Featuring 90-lb. drawer slides, drawers can easily carry the weight of appliances, tools and accessories of all kinds.

CUSTOMIZED CONSTRUCTION

Choose the construction level that fits your space or setting the best: engineered wood or all-plywood.

Protecting
WHAT'S YOURS.

Your cabinets are built with advanced protection to hold up to everyday encounters, from sticky hands and dirty paws to spilled juice and heavy pans and appliances. The not-so-everyday, too, such as leaking faucets and shut-offs and humid environments.

LIMITED LIFETIME WARRANTY

SMARTGUARD™ SINK BASE

Now this will put your mind at ease: SmartGuard™, our durable, engineered polymer sink base, resists stains and damage from minor leaks and spills. And it's a cinch to clean.

BEDFORD

UNMATCHED FIT AND FINISH

Unlike milled wood, the painted MDF in Wolf Artisan™ cabinets won't swell or shrink with changes in temperature and humidity. That means a smooth, lasting finish and no hairline separations at door frame joints or center panels. Available with any of the Wolf Artisan painted finishes.

TELL A STORY *in wood.*

Grains. Burls. Mineral streaks. Variations in color and tone. The natural characteristics of wood add beauty — and character — to any space. Influenced by your choice of finishes, the six wood species in the Wolf Artisan™ collection help you tell a story reflective of your distinctive design aesthetic.

RUSTIC ALDER

Ranging from pale pink-brown to tan. Featuring knotholes, burls and mineral streaks.

CHERRY

Reddish-brown hues that mellow (darken) over time with a smooth, straight-grain pattern.

HICKORY

Dramatic color contrasts from light cream to dark reddish-brown. Features a random grain pattern with burls and knots.

Also available in Rustic

MAPLE

Off-white with light, creamy hues of gold. Consistent, fine grain with occasional dark mineral streaks.

Also available in Rustic

OAK

Light to medium brown with a richly textured, wavy grain pattern.

QUARTERSAWN OAK

The technique of cutting a tree at a nearly 90° angle, creating a parallel and orderly feel to the grain as opposed to the natural variances you'll find with traditional woods.

AGED STAIN

Our Aged technique evokes the look of artisan-finished Cabinetry that has been well loved over time. Distressing effects are hand applied artisan methods that are random and inconsistent in appearance.

Since every detail is hand applied, each finished component will have a unique appearance. The effects include edge rasping, worm holes, edge burnishing, softened corners and edges and random dent patterns. As a final step, our oven-cured Premium topcoat is applied to provide a beautiful and durable furniture finish.

As a final step, our oven-cured Premium topcoat is applied to provide a beautiful and durable furniture finish.

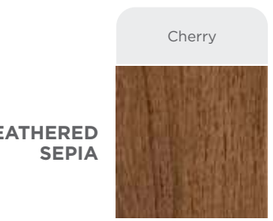

WEATHERED STAIN

Our Weathered technique evokes the look of artisan-finished Cabinetry that has been worn over time. Every detail is hand applied, each finished component will have a unique appearance.

A coat of base stain color is applied then hand wiped to reveal the beauty and inherent natural characteristics of the wood.

Additional finish material is applied through a dry-brushing process to give each door or drawer component a subtle linear accent.

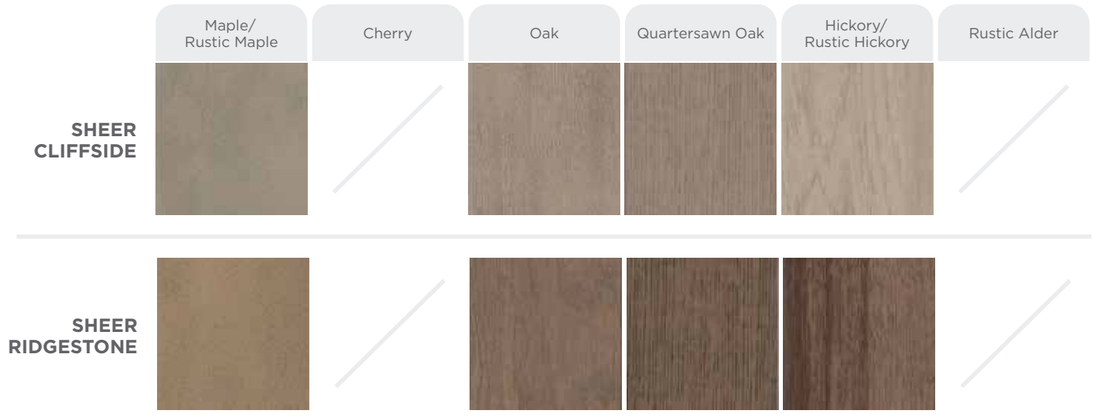

As a final step, our oven-cured Premium topcoat is applied to provide a beautiful and durable furniture finish.

TRANSLUCENT STAIN

Translucent finishes allow just the right amount of natural beauty and characteristics inherent in each individual wood species show through. A semi-opaque toner is applied to the wood to equalize natural sap levels. The final finish color is applied and hand rubbed to ensure full and equal color coverage for doors and drawer fronts.

As a final step, our oven-cured Premium topcoat is applied to provide a beautiful and durable furniture finish.
